

Whilton Parish Support Volunteers If Parishioners Require Help During Lockdown

As we now enter another lockdown against a more contagious variant of the Covid virus, we have once again set up a support network of volunteers in the community

to help others in the Parish who may not be able to get out to get prescriptions or go shopping.

The central coordinator for these volunteers is **Jane Bunce** on **01327 842636**. If anyone in the Parish does require assistance, please call Jane, and she will get someone from the Whilton Parish Volunteer List to come and help.

If anyone wishes to also be included in the list, please let me know at Chairman@whiltonpc.co.uk and I will add you to the list.

In addition, please spread the word about this offer of help as not everyone is on the e-mail distribution list for the Parish.

Perhaps drop a note through your aged neighbour's door with Jane's number on it, or forward this e-mail out to

any other people that you know in the Parish.

Above all, let's once again all look out for each other and stay safe.

Whilton and Whilton Locks e-Mail Distribution List

With the ever increasing impact and spread of the coronavirus crisis, the Whilton Parish Council are trying to keep everyone informed of what is happening in the Parish via the Parish e-mail distribution list.

This communication method starts to become particularly important as people start to self isolate as it provides a life line if anyone is struggling.

Not everyone in the Parish is currently on the distribution list at the moment. Hence, I would urge those of you who are to encourage everyone around you to get on the list asap.

This can easily be achieved by getting them to send their e-mail addressed to the Parish Clerk at clerk@whiltonpc.co.uk.

Many thanks

Randal
Chair of the Whilton Parish Council
