

DACT BUS JOURNEYS October – December 2021

Before the Pandemic, Brington and Whilton Parish Councils had been providing monthly buses to Daventry and Northampton. These had been well used, but services had to stop when social distancing made the use of the minibuses uneconomical. We are pleased to say that these buses are now up and running and we have booked a few until the end of the year.

Minibuses can only take 15 passengers and people are being asked to wear masks if they are able to.

If you wish to travel on the bus on any of its journeys, please let the clerk of your parish council know, so your name can be registered as a member of the Evergreen Travel Club. You only need register once, so if you have used the service before I already have your name. There will be no cost to the passengers for these journeys.
