

Whilton Parish VE Day 2020 Celebrations

Photos Wanted

Hopefully you all remember when the community of Whilton Parish came together on 8 May 2020 to celebrate the 75th anniversary of VE Day.

With glorious weather, many people came out onto the streets (and socially distanced) with their picnics and refreshments and spent time getting to know each other, and built a real community spirit.

Throughout the day, it was noticed that many people took photos of the event, some of which were recently published in the Whilton Newsletter. But many of you are now asking if there will be some sort of commemoration of the event with a centralised collection of many of the photos taken, and this is where we need everyone's help.

We are planning to build a web page on the Whilton Village website (www.whilton-village.net) to show many of the photos taken around the Parish during the VE day celebrations.

If you have any photos of the event that you would like to share and have put up on the webpage, can you please send them to Gerry Heeley at gerry@heeley.myzen.co.uk who will then arrange for them to be put onto the webpage accordingly.

Thanks in advance for anything you have to offer.

Many thanks

Randal
Rose Briar
Chair of the Whilton Parish Council
