

# Important changes to Northamptonshire Household Waste Recycling Centres from 1 February 2015

We're continuing to face significant reductions to the funding we receive from central government which, along with your council tax, pays for the Household Waste Recycling Centre (HWRC) service we provide to you.

Following on from our recent public consultation, new plans on how Northamptonshire's HWRCs will be run have been agreed by the County Council's cabinet committee.

Using feedback from this consultation, the council refined the proposals and these will be implemented from 1 February 2015.

The agreed changes, favoured by the majority of people surveyed, include:

- Nine sites to be open five days a week.
- Opening hours of all sites will change to 10am to 6pm all year round. (Turn over for opening days of all sites.)

One of the proposals had been to close Wollaston HWRC but we are hopeful that this can be avoided as the authority is exploring the possibility of the site being run by a third party.

**Further information on the HWRC service is available online at:**
